The "Corner" on Ice.

We learn from the Chronicle that they have a corner on ice in New York as well as San Francisco. In San Francisco there is no attempt at concealing the fact of the existence of a combination, where-by the price is raised from one cent to two cents and a half, per, cound; but in two cents and a half per pound; but in New York the combination presents all | 14520 | Seatting Con - 77, 77, \$30.73, 77, 150.77, \$30 | Sex for a communation presents all seatures Con - 12.11%, 12 | Section - 12.11%, 13.50 | Section - 12 York and San Francisco in respect to an ice monopoly, and we hope that the Chronicle, in its future assaults upon monopolies, will not fail to mention that Pioche, as well as New York and San Francisco, is grappling with a "corner" on ice. The Chronicle's method of deal-Francisco, is grappling with a "corner" on ice. The Chronicle's method of dealing with the monster is the correct one, just such a proposition as was made by us yesterday, and is worth reproducing: "San Francisco can get along without ice very well, for the weather is seidom warm enough to make its use an object of necessity. And San Francisco should make up its mind to stop using ice until the combination make up its mind to reduce the price to a reasonable figure. New York is at the mercy of the ice-cold monopolists, for they cannot dispense with ice during the dog days." The people of Pioche certainly can do The people of Pioche certainly can do without ice as well as the people of San Francisco can. It would be something of a sacrifice to dispense with the article, but it is a sacrifice which should be made, as in that way can the monopolist be brought to a realization of the nature of his averaging. be brought to a realization of the nature of his extortion. A combination such as is recommended by the Chronicle in San Francisco, and which we urged yester-day, ought to be formed at once. A few days' trial would result in obtaining some redress for a great grievance and intoler-able imposition. Who will start the able imposition. Who will start the agreement and circulate it for signatures? or, who seconds our motion for concerted

action against the ice monopoly?
P. S.—Since the above was in type we learn from a gentleman in this city (who is one of the ostracised) that he obtained yesterday by stage from Hamilton 190 pounds of ice out of 200 pounds ordered, and that it cost him (wastage included) 11 and that it cost him (wastage included) if centis per pound. He further says that an arrangement can be made whereby ice can be delivered here from Hamilton for seven cents a pound. Here is a chance for the people to obtain redress.

Exciting Rumon.—Yesterday evening it was rumored that a telegram had been received announcing that a compromise had been made between the Raymond & Ely Company and the Hermes Company. Our reporter at once instituted an inquiry into the truth of the matter; he traced it from one source to another until he was directed to a business house weil known for its reliability and opportuni-ties for obtaining correct information. Thither he went with all possible celeri-ty, and ascertained that there was notiing in it. "Sich is life" to the news

Insurantee Series - Vesterday injune INJUNCTION SUITS.—Yesterday injuffection suits were entered in the District Court by J. B. Atchison vs. Isaac Hinzman, Wm. Patterson and — Snodgrasa; by John Newman vs. Taylor Bayliss and others; and by Langford vs. parties others; and by Langford vs. parties whose names we have not obtained. The parties plaintiff in these several suits reside in Panaca, and the object is to re-strain defendants from trespassing upon lands alleged to belong to plaintiffs. The papers in each case were made out yes terday and placed in the hands of a Dep-uty Sheriff to be served.

Mainly through office. Furniture in great variety will be his endeavors, the slave trade on the east offered, and those who have been housekeeping long enough to wear out a set of furniture, as well as those who are just commencing life in the happy marriage state, should not fail to attend.

SHOULD BE CORRECTED.—The Eureka Sentinel, in reference to the shooting affair in this place on Sunday last, uses the name of John C. Lynch—only in one place, however. We were careful that there should be no mistake, as the two names are so nearly the same. John C. Lynch is the proprietor of the Fash-ion saloon, while John H. Lynch, at the time he received his deadly wound, was proprietor of a chop-house. A correc-tion ought to be made.

RUNAWAY. - Yesterday afternoon fiery steed shot up Main street without a rider, although with saddle and bridle on. When he reached the corner he rounded into Meadow Valley street with the speed of the antelope. Here some men at that popular spot undertook to stop the equine in his mad career, but their efforts were in vain, and the annimal ran straight into the Dexter Stables. Nobody hurt. We breathe freer.

RETURNED.-J. E. Lucas, Amos Johnson and John Hannerhan, who went on a prospecting tour to the Humboldt, have returned to Pioche. They are in good health and spirits, having struck a good prospect. Assays of the rock brought were made yesterday, an account of which will be given to-morrow.

BANKING.—Parties having business with the banking department of Wells, Fargo & Co., or with the State Bank of Nevada, are reminded that on Saturday of each week those banks will close at 3 p. m. An advertisement to this effect will be found in another column.

Surveying .- Parties entering land in this county will do well to apply to County Surveyor Schoppmann or J. P. Curtis, Deputy, at the Court-house, as from either all needed information can be obtained and much veration and an-noyance avoided. See advertisement.

RAFFLE, -A pair of gold bracelets will be raffled for at Clancey's, as soon as the chances are all taken. Tickets, \$2 each; 50 tickets. The bracelets are to be seen at Levin's. The owner is a heavy loser by the Hamilton fire.

IMPROVING .- Sheriff Travis, whose illness we mentioned yesterday, was in a strone store.

John Ii Lynch died at 2:20 yesterday | 759. morning from the effects of wounds received on Sanday morning last from a pistol in the hands of James Harringon. The wound in the shoulder was of painful nature, but not necessarily fatal; that in his head, which has previously been described, was the direct cause of death. Dr. Deal, the Coroner. summoned a jury, comprising Charles C. Clark, R. McAlpin and Miles Quillin, and held an inquest. The testimony was voluminous, several witnesses having been examined concerning the circumstances which led to the fatal result. The Coroner is sifting the matter thoroughly, and it is doubtful whether the testimony will be concluded to-day.

THE REPECT. The death of Mr. Lynch, though hourly feared from the moment that he earthly career, created a profound sensation. All felt that in his untimely death

THE announcement which is to our good fortune to be able to make to-day is that of the most important event in the history of Corinne. The completion of the Corinne and Malad Irrigating and Manufacturing Company's Canal, with its feeders, branches and ditches, took place yesterday afternoon. Shortly after twelve o'clock the gates of the canal on the western boundary of the city were lifted and the long looked for streams of nourishing, fertilizing water slowly de-scended towards town in the ditches which lead into the respective streets. By sundown it had reached Colorado and Sixth streets, and by nine o check ripples down by the Reporter office on both side of Montana street On several other principal streets and arross the lateral streets those welcome brooklets flowed silently, until toward eleven, when all of them flowed over into the impestic Bear on the east side of the city. The great work is grandly completed, and a won-derful success. [Opden Junction July

I HAVE BEEN SOLE TRADER FOR FOUR years; have done a good deal of business for many years; have done a good deal of business for many years; have done business property for many years before I married Mr. Doscher; have done business with all the best bankers and merchants on the Pacific coast, and never owed a two-bit piece during that time. I was sued a year ago for a bill of goods during my absence from Pioche, that was ordered and shipped in Mr. Doscher' an name. A Cornishman named Joe Opie bought Mr. Doscher let for Arizona, the h-quois ordered by him strived. Under false pretenss Joe Opie took possession of the liquor, and disposed of them in various ways. I was sued for the above liquors, ordered without my knowledge, and \$600—rents—due me, attached and held for one year by John Kane, then Sheriff of this country; and at the present lime no account can be given of the money, and all the satisfaction that I can get, is, that kane paid it out for bugy live to Wes.
